

MORE THAN 400 PRACTICE QUESTIONS

UPDATED

**ICBC  
CLASS 4  
PRACTICE TEST**

# Table of Contents

## **Chapter 1: Getting Your Driver's Licence (20 Questions)**

[Licence Classes and Requirements \(10 Questions\)](#)

[Medical Fitness and Vision Standards \(5 Questions\)](#)

[Knowledge and Road Testing \(5 Questions\)](#)

## **Chapter 2: Heavy Vehicle Braking (35 Questions)**

[Stopping Distance and Braking Factors \(15 Questions\)](#)

[Braking Techniques \(15 Questions\)](#)

[Anti-lock Braking Systems \(5 Questions\)](#)

## **Chapter 3: Basic Driving Skills (85 Questions)**

[Sharing the Road and Following Distance \(20 Questions\)](#)

[Manoeuvring \(25 Questions\)](#)

[Seeing and Being Seen \(15 Questions\)](#)

[Vehicle Safety \(15 Questions\)](#)

[Personal Safety \(10 Questions\)](#)

## **Chapter 4: Fuel-Efficient Driving (15 Questions)**

[Smart Driving Practices and Techniques \(10 Questions\)](#)

[Vehicle Maintenance and Choices \(5 Questions\)](#)

## **Chapter 5: Skills for Driving Trucks and Trailers (10 Questions)**

[General Vehicle Dimensions and Loading Basics \(10 Questions\)](#)

## **Chapter 6: Skills for Driving Buses, Taxis, Limousines and Ride-Hailing Vehicles (110 Questions)**

[Passenger Safety Fundamentals \(20 Questions\)](#)

[Manoeuvring \(15 Questions\)](#)

[Taking On and Letting Off Passengers \(15 Questions\)](#)

[Vehicle Operations \(20 Questions\)](#)

[Vehicle Inspection and Emergency Equipment \(15 Questions\)](#)

[Focus on Driving and Refusing Passengers \(10 Questions\)](#)

[Vehicle Cleanliness and Maintenance \(10 Questions\)](#)

[Emergency Vehicle Operations \(5 Questions\)](#)

## **Chapter 7: Hours of Service Requirements (15 Questions)**

[Basic On-Duty/Off-Duty Time \(10 Questions\)](#)

[Record Keeping Basics \(5 Questions\)](#)

## **Chapter 8: Air Brakes (40 Questions)**

[Basic Air Brake Components and Operation \(20 Questions\)](#)

[Air Brake System Checks and Safety \(15 Questions\)](#)

[Anti-lock Braking Systems \(5 Questions\)](#)

## **Chapter 9: Air Brake Adjustment (20 Questions)**

[Brake Adjustment Importance and Checks \(15 Questions\)](#)

[Adjustment Procedures \(5 Questions\)](#)

## **Chapter 10: Vehicle and Air Brake Pre-Trip Inspections (35 Questions)**

[Pre-Trip Inspection Responsibilities \(10 Questions\)](#)

[Passenger Vehicle/Bus Inspection Procedures \(20 Questions\)](#)

[Post-Trip and En-Route Inspections \(5 Questions\)](#)

## **Chapter 11: Signs, Signals and Road Markings (20 Questions)**

[Regulatory and Warning Signs \(10 Questions\)](#)

[Traffic Signals and Road Markings \(10 Questions\)](#)

## **Chapter 12: Industrial Roads (5 Questions)**

[Basic Industrial Road Awareness \(5 Questions\)](#)

# **PART 2: Standard Exam Paper Questions**

# INTRODUCTION

## **Welcome to the ICBC Class 4 Practice Test!**

This resource is designed to help you prepare for the ICBC Class 4 knowledge test. Whether you're aiming to become a professional driver of taxis, ride-hailing, passenger vans, small buses, or ambulances,

this **Practice Test** covers all the essential topics and provides ample practice questions to ensure you're ready for the exam.

## **What You'll Find Inside**

### **Comprehensive Coverage**

We have included detailed questions of the key concepts you'll need to understand for the ICBC Class 4 test. Topics range from regulations to specific rules related to passenger transportation.

### **Practice Tests**

Multiple practice tests are available to simulate the actual testing conditions. These tests will help you gauge your knowledge and identify areas where you may need further study.

# **Chapter 1: Getting Your Driver's Licence (20 Questions)**

## **Licence Classes and Requirements (10 Questions)**

**1. What licence class is required to operate a taxi or limousine for hire?**

- A. Class 2 licence
- B. Class 4 licence
- C. Class 3 licence
- D. Class 5 licence

**2. What is the minimum age to obtain a Class 4 driver's licence?**

- A. 19 years old
- B. 18 years old
- C. 25 years old
- D. 21 years old

**3. A Class 4 (unrestricted) licence allows you to drive a bus with a maximum seating capacity of how many people?**

- A. 15 persons
- B. 25 persons
- C. 10 persons
- D. 40 persons

**4. Which vehicle type requires a Class 2 licence to operate?**

- A. Ride-hailing vehicles
- B. Standard ambulances
- C. Small school buses
- D. Large school buses

**5. What is a prerequisite for applying for any commercial class driver's licence?**

- A. A completed driving course
- B. One year of driving experience
- C. A full-privilege Class 5 licence
- D. A valid Class 7 licence

**6. An acceptable driving record for a commercial licence shows how many motor-vehicle-related Criminal Code convictions in the last three years?**

- A. One conviction
- B. Zero convictions
- C. Two convictions
- D. Three convictions

**7. A "special vehicle" has a seating capacity of not more than how many persons?**

- A. 10 persons
- B. 12 persons
- C. 15 persons
- D. 20 persons

**8. What type of vehicle does a Class 4 (restricted) licence primarily cover?**

- A. Large motorhomes
- B. Ambulances and taxis
- C. School buses
- D. Semi-trailer trucks

**9. What is required when operating a bus or taxi with a learner's licence?**

- A. Only family may be passengers
- B. No passengers except supervisor
- C. No passengers allowed
- D. Passengers are permitted

**10. Which endorsement is needed to operate a vehicle with air brakes on a highway?**

- A. Code 20 endorsement
- B. Code 15 endorsement
- C. Code 25 endorsement
- D. Code 10 endorsement

**Answer Key (1-10):**

1. B

2. A

3. B

4. D

5. C

6. B

7. A

8. B

9. B

10. B

## **Medical Fitness and Vision Standards (5 Questions)**

**11. What must you complete as part of your commercial licence application?**

- A. A reaction time test
- B. A driver medical exam
- C. A physical fitness test
- D. A psychological evaluation

**12. Commercial drivers are required to meet a higher standard for what ability?**

- A. Vision standards
- B. Memory recall
- C. Auditory perception
- D. Reaction timing

**13. What is the term for your ability to see objects on each side of you?**

- A. Visual acuity
- B. Depth perception
- C. Colour perception
- D. Peripheral vision

**14. The Driver's Medical Examination Report form must be completed by whom?**

- A. A licensed optometrist
- B. A registered nurse
- C. A licensed physician
- D. An ICBC examiner

**15. What may be required if a problem is found during your vision screening?**

- A. Limit driving to daylight hours
- B. An exam by an optometrist
- C. Attend a driver training course
- D. Re-take the knowledge test

**Answer Key (11-15):**

11. B

12. A

13. D

14. C

15. B

## **Knowledge and Road Testing (5 Questions)**

**16. How much advance notice must you provide to cancel a road test without a fee?**

- A. 48 hours notice
- B. 72 hours notice
- C. 24 hours notice
- D. 12 hours notice

**17. What is the waiting period after a 1st failed Class 1-4 road test?**

- A. 14 days
- B. 21 days
- C. 7 days
- D. 30 days

**18. What part of the road test demonstrates your knowledge of the vehicle's condition?**

- A. The highway driving portion
- B. The parking assessment
- C. The backing manoeuvre
- D. The pre-trip inspection

**19. All knowledge tests referred to in the guide are conducted in what language?**

- A. French only
- B. English only
- C. Any official language
- D. French or English

**20. A Class 4 (unrestricted) road test requires a vehicle with a seating capacity of at least how many adults?**

- A. 11 adults
- B. 8 adults
- C. 20 adults
- D. 15 adults

**Answer Key (16-20):**

16. A

17. A

18. D

19. B

20. A

## **Chapter 2: Heavy Vehicle Braking (35 Questions)**

### **Stopping Distance and Braking Factors (15 Questions)**

**21. What energy is converted into heat by a vehicle's brakes?**

- A. Motion energy
- B. Electrical energy
- C. Potential energy
- D. Chemical energy

**22. What is the approximate reaction time for an average driver?**

- A. 1 full second
- B.  $\frac{3}{4}$  of a second
- C.  $\frac{1}{4}$  of a second
- D.  $\frac{1}{2}$  of a second

**23. If you double your vehicle's speed, how much does the required stopping power increase?**

- A. It quadruples
- B. It triples
- C. It doubles
- D. It stays the same

**24. If you double your vehicle's weight, the required stopping power increases by how much?**

- A. It triples
- B. It stays the same
- C. It quadruples
- D. It doubles

**25. What is the approximate brake lag time for a vehicle with air brakes?**

- A. 8/10 of a second
- B. 1/10 of a second
- C. 4/10 of a second
- D. 1 full second

**26. What happens to stopping distance when travelling down a hill?**

- A. It decreases
- B. It increases
- C. It is unaffected
- D. It halves

**27. The total stopping distance includes perception time, reaction time, brake lag, and what other factor?**

- A. Weather time
- B. Following time
- C. Engine time
- D. Braking time

**28. Excessive heat in brake components can lead to what dangerous condition?**

- A. Brake lag
- B. Brake lock
- C. Brake surge
- D. Brake fade

**29. Under normal stopping, brake components heat up to about what temperature?**

- A. 120° C
- B. 80° C
- C. 50° C
- D. 200° C

**30. What component's condition is the final factor in a vehicle's ability to stop?**

- A. The brake pedal
- B. The brake fluid
- C. The vehicle's tires
- D. The engine oil

**31. If both speed and weight are doubled, stopping power must be increased by how many times?**

- A. 4 times
- B. 6 times
- C. 8 times
- D. 2 times

**32. What occurs when brakes stop working properly due to being overheated?**

- A. Brake fade
- B. Brake lag
- C. Brake surge
- D. Brake lock-up

**33. To stop a vehicle, you need to follow which three-step process?**

- A. See-think-do
- B. Look-listen-feel
- C. Stop-look-listen
- D. Plan-act-review

**34. A vehicle travelling up a hill will stop in what kind of distance?**

- A. A longer distance
- B. The same distance
- C. An unknown distance
- D. A shorter distance

**35. What is the most common air brake system defect found during inspections?**

- A. Worn brake pedals
- B. Faulty compressors
- C. Brakes out of adjustment
- D. Leaking air lines

**Answer Key (21-35):**

21. A

22. B

23. A

24. D

25. C

26. B

27. D

28. D

29. A

30. C

31. C

32. A

33. A

34. D

35. C

## **Braking Techniques (15 Questions)**

**36. To stop smoothly, what should you do just before coming to a full stop?**

- A. Reduce brake pressure
- B. Pump the brake pedal
- C. Increase brake pressure
- D. Apply the parking brake

**37. What type of brake pressure should be used to stop on icy roads?**

- A. Extremely light pressure
- B. No brake pressure
- C. Hard and sudden pressure
- D. Pumping the brake pedal

**38. What is the purpose of an engine retarder?**

- A. To cool the engine faster
- B. To increase engine speed
- C. For emergency stopping only
- D. For auxiliary vehicle slowing

**39. On a long downgrade, what gear should you use?**

- A. The highest available gear
- B. A lower gear than climbing
- C. Neutral to save fuel
- D. A higher gear than climbing

**40. After driving through deep water, what should you do to your brakes?**

- A. Avoid using them
- B. Have them inspected
- C. Cool them with water
- D. Dry them with light pressure

**41. At what point should you select your gear for a downgrade?**

- A. Halfway down the hill
- B. While accelerating downhill
- C. At the bottom of the hill
- D. Before starting down the hill

**42. What is the purpose of a runaway lane?**

- A. For emergency passing
- B. For resting during long trips
- C. For stopping with brake failure
- D. For vehicle inspections

**43. Using retarders on slippery surfaces can cause what to happen?**

- A. Improved traction
- B. Increased fuel efficiency
- C. Smoother braking
- D. Drive wheels to lock up

**44. When descending a hill, you should avoid overdriving your what?**

- A. Engine
- B. Steering
- C. Transmission
- D. Brakes

**45. What do signs restricting the use of engine brakes require drivers to do?**

- A. Obey the signs
- B. Use them at all times
- C. Report them to ICBC
- D. Use them with caution

**46. What is the primary cause of almost all brake failures on downgrades?**

- A. Poor speed control
- B. Road conditions
- C. Mechanical failure
- D. Cold weather

**47. How should you approach stopping with a loaded combination unit?**

- A. With sudden movements
- B. Using only trailer brakes
- C. Smoothly and gradually
- D. As quickly as possible

**48. What is a key to ensuring a smooth, controlled stop every time?**

- A. Maintaining a safe following time
- B. Using brakes at the last moment
- C. Following other vehicles closely
- D. Driving faster than traffic flow

**49. On a level roadway, how should you normally apply the brake pedal?**

- A. Squeezing gradually and firmly
- B. With light, tapping pressure
- C. With a quick jab
- D. Pumping it repeatedly

**50. What should you do with tire chains before you need them on a hill?**

- A. Check them for tightness
- B. Deflate tires to install them
- C. Store them in the cab
- D. Practice mounting them

**Answer Key (36-50):**

## **Anti-lock Braking Systems (5 Questions)**

**51. What is the main purpose of an Anti-lock Braking System (ABS)?**

- A. To shorten stopping distance
- B. To reduce brake maintenance
- C. To prevent wheel lockup
- D. To allow for faster driving

**52. How should you apply the brakes for an emergency stop with ABS?**

- A. Apply and release pressure
- B. Pump the brakes lightly
- C. Apply firm, steady pressure
- D. Jab the brakes hard

**53. What does ABS not allow you to do?**

- A. Brake without skidding
- B. Steer while braking
- C. Maintain vehicle control
- D. Stop sooner on gravel

**54. What is the function of Automatic Traction Control (ATC)?**

- A. To shorten stopping distance
- B. To prevent wheel lockup
- C. To replace the ABS system
- D. To detect loss of traction

**55. What should you not do when making an emergency stop with ABS?**

- A. Pump the brake pedal
- B. Apply firm pressure
- C. Steer around the obstacle
- D. Keep your foot on the brake

**Answer Key (51-55):**

## **Chapter 3: Basic Driving Skills (85 Questions)**

### **Sharing the Road and Following Distance (20 Questions)**

**56. What is the minimum following distance for a taxi or van in ideal conditions?**

- A. Three seconds
- B. Two seconds
- C. Four seconds
- D. One second

**57. What is the minimum following distance for a bus or heavy vehicle at highway speeds?**

- A. Five seconds
- B. Four seconds
- C. Three seconds
- D. Six seconds

**58. What should you do to your following distance in less than ideal conditions?**

- A. Maintain the same distance
- B. Decrease it slightly
- C. Match the vehicle in front
- D. Increase it significantly

**59. Driving faster than the flow of traffic increases your chance of what?**

- A. Improving fuel economy
- B. Arriving much sooner
- C. A rear-end collision
- D. Crashing into vehicles ahead

**60. Driving slower than the flow of traffic can cause other drivers to become what?**

- A. Impatient
- B. More patient
- C. More cautious
- D. More observant

**61. What should a professional driver do to their pace in heavy traffic?**

- A. Exceed the speed limit
- B. Weave through lanes
- C. Set it to conditions
- D. Follow vehicles closely

**62. What is the section of road your vehicle travels before it can stop called?**

- A. The reaction zone
- B. The safety zone
- C. The buffer zone
- D. The danger zone

**63. How can you reduce the length of your danger zone?**

- A. By using your horn
- B. By speeding up
- C. By changing lanes
- D. By slowing down

**64. What action should you take when you see a potential hazard developing?**

- A. Accelerate past the hazard
- B. Switch to a farther lane
- C. Cover the brake pedal
- D. Honk your horn repeatedly

**65. What should you do if a tailgater is behind you?**

- A. Speed up to create space
- B. Brake suddenly to warn them
- C. Increase your own following space
- D. Change lanes without signaling

**66. Vehicles travelling slower than 40 km/h should display what type of sign?**

- A. A "Long Load" sign
- B. A "Caution" sign
- C. A "Wide Load" sign
- D. A slow moving vehicle sign

**67. When driving slowly up or down a hill, it is a good practice to use your what?**

- A. Cruise control
- B. High-beam headlights
- C. Vehicle horn
- D. Four-way flashers

**68. What should you do when you need to drive through a construction zone?**

- A. Avoid changing lanes
- B. Follow workers' vehicles closely
- C. Turn on your high beams
- D. Speed up to clear the area

**69. What is the first rule for a professional driver regarding other road users?**

- A. Always claim the right-of-way
- B. Assume they see you
- C. Match their driving speed
- D. Never assume they see you

**70. How do you deal with tailgaters who are in front of you?**

- A. Flash your headlights
- B. Allow them to pass
- C. Honk your horn at them
- D. Follow them closely

**71. When you drive a large vehicle on a highway, how much space should you leave for other large vehicles in front?**

- A. 90 metres
- B. 120 metres
- C. 60 metres
- D. 30 metres

**72. Your following distance should be based on the rule applying to what kind of conditions?**

- A. Rainy conditions
- B. Night conditions
- C. Ideal conditions
- D. Rush hour conditions

**73. How does slowing down affect your danger zone?**

- A. It has no effect
- B. It lengthens it
- C. It shortens it
- D. It varies unpredictably

**74. If you must drive slower than traffic, which lane should you use?**

- A. Any available lane
- B. The right lane
- C. The far left lane
- D. The center lane

**75. What must you do if a line of vehicles builds up behind you on a one-lane road?**

- A. Signal them to stop
- B. Maintain your speed
- C. Speed up to clear traffic
- D. Allow them to pass safely

**Answer Key (56-75):**

## **Manoeuvring (25 Questions)**

**76. The difference between the path of the front and rear wheels in a turn is called what?**

- A. Off track
- B. Pivot point
- C. Wheelbase
- D. Turning radius

**77. Which wheels of a vehicle turn more sharply in a curve?**

- A. The front wheels
- B. The rear wheels
- C. The outside wheels
- D. The inside wheels

**78. To avoid having your rear wheels drop off the pavement in a right curve, where should you position your front wheels?**

- A. In the middle of the lane
- B. On the shoulder
- C. Close to the centre line
- D. Close to the right edge

**79. What force tries to keep your vehicle moving in a straight line when you are in a curve?**

- A. Traction
- B. Momentum
- C. Inertia
- D. Gravity

**80. What should you do with your speed before entering a curve?**

- A. Maintain your speed
- B. Increase your speed
- C. Reduce your speed
- D. Apply the brakes in the curve

**81. When backing a tractor-trailer, how do you start the trailer turning left?**

- A. Keep steering wheel straight
- B. Turn steering wheel right
- C. Turn steering wheel left
- D. Pump the brakes lightly

**82. To avoid backing up into traffic, what is the recommended practice?**

- A. Back into traffic slowly
- B. Use a guide at all times
- C. Drive around the block
- D. Back out of traffic

**83. When backing up without a guide, what should you do every vehicle length?**

- A. Sound your horn
- B. Flash your headlights
- C. Stop and get out to check
- D. Check your side mirrors

**84. In a roundabout, which vehicle has the right-of-way?**

- A. The vehicle on the right
- B. The largest vehicle
- C. Any vehicle already in it
- D. The vehicle entering

**85. In a traffic circle, how must you travel?**

- A. Counter-clockwise
- B. In any direction
- C. Straight through
- D. Clockwise

**86. When approaching a narrow bridge with a curved approach, you must use what?**

- A. Your vehicle's horn
- B. Increased speed
- C. Caution and skill
- D. Your high beams

**87. Running rear wheels over a curb when turning right can cause serious injury to whom?**

- A. Pedestrians and cyclists
- B. Vehicle occupants
- C. The driver
- D. Oncoming traffic

**88. What is the most dangerous point in a right turn with a large vehicle?**

- A. When the tractor has turned
- B. When the turn is complete
- C. When the turn starts
- D. When approaching the turn

**89. To prevent other drivers from passing on the right during a wide right turn, you should do what?**

- A. Block the other lane
- B. Keep the rear of your vehicle close
- C. Swing wide into the left lane
- D. Signal left then turn right

**90. The hand-over-hand steering method is recommended for what kind of turns?**

- A. A lot of turning
- B. Reversing manoeuvres
- C. Gradual turns
- D. Highway curves

**91. What must you always do before backing up?**

- A. Signal your intention
- B. Use extreme caution
- C. Proceed with caution
- D. Check your front view

**92. Most backing-up crashes are caused by drivers who failed to do what?**

- A. See something they should have
- B. Use their signals
- C. Sound their horn
- D. Check their mirrors

**93. Whenever possible, you should back your vehicle into which side?**

- A. The driver side
- B. The view side
- C. The passenger side
- D. The blind side

**94. Your guide for backing should be positioned where you have what?**

- A. A partial view of them
- B. A clear view of them
- C. A view of their hands
- D. An occasional view of them

**95. For a sharp right turn in a bus, where should the vehicle be positioned?**

- A. Touching the curb
- B. One to two metres from the curb
- C. In the adjacent left lane
- D. Close to the centre line

**96. To make a left turn into a multi-lane street, what may you need to do?**

- A. Turn into a lane to the right
- B. Stop all oncoming traffic
- C. Back up to complete the turn
- D. Turn into the leftmost lane

**97. At a traffic circle, if you arrive at the same time as another vehicle, who should you yield to?**

- A. The faster vehicle
- B. The vehicle on the left
- C. The larger vehicle
- D. The vehicle on the right

**98. Due to off-tracking, what might a large commercial vehicle need to do in a roundabout?**

- A. Use the horn
- B. Stop completely
- C. Take up more than one lane
- D. Reverse slightly

**99. What is the safest way to back up a long distance?**

- A. One continuous manoeuvre
- B. Using only your mirrors
- C. A series of short manoeuvres
- D. Backing up at a steady speed

**100. When you back up, how often should you sound your horn?**

- A. Only at the beginning
- B. Constantly during the move
- C. Once every vehicle length
- D. If you see a hazard

**Answer Key (76-100):**

## Seeing and Being Seen (15 Questions)

101. How do [redacted] [redacted] [redacted] [redacted] [redacted] [redacted]

- A. True to size and distance
- B. Larger and closer
- C. Distorted and wider
- D. Smaller and farther

102. Where should [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted]

- A. In the right-hand lane
- B. Straddling two lanes
- C. In the center lane
- D. In the far left lane

103. When you [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted]

- A. Pull over and stop
- B. Speed up and move over
- C. Follow it closely
- D. Maintain your speed and lane

104. When passing [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted]  
[redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted]

- A. 60 km/h
- B. 70 km/h
- C. 80 km/h
- D. 50 km/h

105. Double-clutching is [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] [redacted]  
[redacted]

- A. An automatic transmission
- B. Synchromesh gears
- C. A multi-speed axle
- D. A fuel governor

**106. What does** [REDACTED]

- A. It will stay green longer
- B. It has a sensor
- C. It is a "stale" light
- D. It is a "fresh" light

**107. Where is** [REDACTED]

- A. Only in front of the hood
- B. Only on the right side
- C. In multiple areas around it
- D. Only directly behind

**108. Shifting to** [REDACTED]

- A. Double-clutching
- B. Upshifting
- C. Progressive shifting
- D. Downshifting

**109. Shifting to** [REDACTED]

- A. Downshifting
- B. Regressive shifting
- C. Upshifting
- D. Single-clutching

**110. When is** [REDACTED]

- A. In slow urban areas
- B. In heavy rain
- C. On open highways
- D. During nighttime driving

**111. When should** [REDACTED]

- A. Every few minutes
- B. Only when changing lanes
- C. When you are about to stop
- D. Constantly while driving

**112. When must** [REDACTED]

- A. Only if it is behind you
- B. Whenever you see lights or hear sirens
- C. Only if it is a police car
- D. Only on two-lane roads

**113. What should** [REDACTED]

- A. Accelerate through quickly
- B. Rely on other drivers to stop
- C. Honk to warn others
- D. Check left and right

**114. What is** [REDACTED]

- A. A slipstream
- B. A vacuum effect
- C. An echo
- D. Air turbulence

**115. To operate** [REDACTED]  
[REDACTED]

- A. Good hearing
- B. Practice
- C. A strong arm
- D. A co-driver

**Answer Key (101-115):**

## Vehicle Safety (15 Questions)

116. What is

- A. Overinflation
- B. Underinflation
- C. Heavy loads
- D. High speed

117. When should

- A. When the tires are hot
- B. After driving for an hour
- C. When the tires are warm
- D. When the tires are cool

118. An underinflated

- A. The outer edges
- B. The center part
- C. The entire surface evenly
- D. The inner shoulder

119. What is

- A. 2.0 mm
- B. 3.0 mm
- C. 1.6 mm
- D. 3.5 mm

120. What do

- A. The wheel is balanced
- B. The wheel is brand new
- C. The nuts may be loose
- D. The nuts are too tight

121. Every motor

- A. One
- B. Three
- C. Four
- D. Two

122. After changing

- A. Check the wheel alignment
- B. Check the brake adjustment
- C. Check the wheel nuts
- D. Check the tire pressure

123. What colour

- A. White lights
- B. Red lights
- C. Blue lights
- D. Amber lights

124. When a

- A. 50 m
- B. 30 m
- C. 100 m
- D. 10 m

125. When parked

- A. Four
- B. Three
- C. One
- D. Two

126. What hazard

- A. Hydroplaning
- B. Overheating
- C. Skidding
- D. Tread separation

127. What should

- A. Tighten them by hand
- B. Do not drive the vehicle
- C. Drive slowly to a shop
- D. Continue driving with caution

128. What does

- A. Tires ride on a film of water
- B. Brakes become wet and fail
- C. Steering becomes unresponsive
- D. Tires lose traction on ice

129. What should

- A. An impact gun
- B. A pry bar
- C. A standard wrench
- D. A torque wrench

130. All vehicles

- A. Low brake fluid
- B. Low air pressure
- C. High air pressure
- D. Brake overheating

**Answer Key (116-130):**

## Personal Safety (10 Questions)

131. What are [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Clear vision and hearing
- B. Alertness and energy
- C. Dizziness and drowsiness
- D. Hunger and thirst

132. When must [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Only during the day
- B. Only on highways
- C. Only when carrying passengers
- D. At all times while driving

133. How much [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. At least 35 cm
- B. At least 10 cm
- C. At least 15 cm
- D. At least 25 cm

134. In (B\_C [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Allowed in slow traffic
- B. Prohibited for all drivers
- C. Permitted for all drivers
- D. Permitted for commercial drivers

135. What is [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. No safe substitute
- B. Stay-awake tablets
- C. Loud music
- D. Caffeine

136. A driver's [REDACTED]

- A. Bright sunlight
- B. Illicit drugs
- C. Loud music
- D. Cold air

137. What should [REDACTED]

- A. Turn up the radio
- B. Pull over and rest
- C. Drink coffee or soda
- D. Open the window

138. When refueling, [REDACTED]

- A. More than 10 meters away
- B. Near the fueling area
- C. Anywhere on the property
- D. Inside the vehicle cab

139. What is [REDACTED]

- A. Retreaded tires
- B. Overinflated tires
- C. New tires
- D. Soft (underinflated) tires

140. What should [REDACTED]

- A. Keep driving to a station
- B. Smother it with a blanket
- C. Disconnect the battery
- D. Pour water on it

**Answer Key (131-140):**

## Chapter 4: Fuel-Efficient Driving (15 Questions)

### Smart Driving Practices and Techniques (10 Questions)

141. Good driving [REDACTED]

- A. 10 percent
- B. 20 percent
- C. 40 percent
- D. 30 percent

142. Which type [REDACTED]

- A. Hilly city routes
- B. Stop-and-go routes
- C. Flat highway routes
- D. Mountainous routes

143. For how [REDACTED]

- A. Less than one minute
- B. Ten to fifteen minutes
- C. Three to five minutes
- D. At least twenty minutes

144. How does [REDACTED]

- A. It improves engine life
- B. It has no effect
- C. It decreases consumption
- D. It increases consumption

145. What is [REDACTED]

- A. Shift to neutral and coast
- B. Brake hard at the last second
- C. Use the parking brake
- D. Coast down and brake gently

**146. What is** [REDACTED]

- A. See-think-do
- B. Reactive driving
- C. Aggressive driving
- D. Defensive driving

**147. What should** [REDACTED]

- A. Turn it off
- B. Rev the engine
- C. Let it idle
- D. Put it in neutral

**148. How should** [REDACTED]

- A. Use maximum throttle
- B. Accelerate rapidly
- C. Accelerate slowly
- D. Rev the engine first

**149. What does** [REDACTED]

- A. Harms the engine
- B. Wastes fuel
- C. Increases noise
- D. Reduces engine wear

**150. What does** [REDACTED]

- A. Unnecessary slowing and stopping
- B. Following traffic laws
- C. Using your mirrors
- D. Maintaining a steady speed

**Answer Key (141-150):**

## Vehicle Maintenance and Choices (5 Questions)

151. How does 

- A. It wastes fuel
- B. It helps the engine
- C. It improves efficiency
- D. It has no effect

152. Aerodynamic features 

- A. At all speeds
- B. When reversing
- C. At highway speeds
- D. At low city speeds

153. Which type 

- A. A rib tread design
- B. A winter tread design
- C. A mixed tread design
- D. A lug tread design

154. The use 

- A. Increase emissions
- B. Damage the engine
- C. Improve fuel economy
- D. Decrease fuel economy

155. What is 

- A. Do a pre-trip inspection
- B. Wash the vehicle
- C. Check the oil level
- D. Fill the fuel tank

**Answer Key (151-155):**

## Chapter 5: Skills for Driving Trucks and Trailers (10 Questions)

### General Vehicle Dimensions and Loading Basics (10 Questions)

156. What does ?

- A. Good Vehicle Warranty
- B. General Vehicle Worth
- C. Gross Vehicle Weight
- D. Grand Vehicle Width

157. What is ?

- A. 3.0 m
- B. 2.0 m
- C. 3.5 m
- D. 2.6 m

158. What is ?

- A. 4.00 m
- B. 3.85 m
- C. 4.15 m
- D. 4.30 m

159. A poorly ?

- A. Steering misalignment
- B. A smoother ride
- C. Better fuel economy
- D. Improved braking

160. Where should ?

- A. Against the cab
- B. On one side of the vehicle
- C. On the tailgate
- D. Over or just ahead of rear axles

161. What must \_\_\_\_\_

- A. Get a special permit
- B. Attach a red flag or light
- C. Drive only during the day
- D. Have a pilot car follow

162. What must \_\_\_\_\_

- A. Drive only at night
- B. Notify the police
- C. Use alternate routes
- D. Obtain a permit

163. What is \_\_\_\_\_

- A. Bracing
- B. Dunnage
- C. Tiedowns
- D. Chocks

164. When must \_\_\_\_\_

- A. If it is an aggregate load
- B. If it is a wide load
- C. If it is a tall load
- D. If it is a heavy load

165. What is \_\_\_\_\_

- A. To prevent cargo from shifting
- B. To improve aerodynamics
- C. To support the vehicle's frame
- D. To carry extra equipment

**Answer Key (156-165):**

## Chapter 6: Skills for Driving Buses, Taxis, Limousines and Ride-Hailing Vehicles (110 Questions)

### Passenger Safety Fundamentals (20 Questions)

166. What must [REDACTED]

- A. Meeting the schedule
- B. Fuel efficiency
- C. Passenger comfort
- D. Passenger safety

167. Most passenger [REDACTED]

- A. Other drivers' actions
- B. Poor road conditions
- C. Faulty equipment
- D. Abrupt driver actions

168. How can [REDACTED]

- A. Drive faster than traffic
- B. Brake at the last moment
- C. Keep a safe distance behind
- D. Use the horn frequently

169. Before you [REDACTED]

- A. They have paid their fare
- B. They are holding on
- C. They are seated
- D. They are completely on or off

170. What should [REDACTED]

- A. Leave an escape route
- B. Use your four-way flashers
- C. Stay close to the curb
- D. Drive in the middle lane

**171. How should** [REDACTED]

- A. Smoothly and deliberately
- B. With one hand on the wheel
- C. As quickly as possible
- D. Abruptly and with force

**172. Why should** [REDACTED]

- A. To enforce rules
- B. To ensure their safety
- C. To collect fares
- D. To make conversation

**173. What can** [REDACTED]

- A. They may be jolted and injured
- B. They may be startled
- C. They may miss their stop
- D. They may become impatient

**174. As a** [REDACTED]

- A. Operate the vehicle safely
- B. Keep the vehicle clean
- C. Maximize passenger capacity
- D. Maintain the schedule

**175. Sudden vehicle** [REDACTED]

- A. They may lose their balance
- B. They might miss their stop
- C. They may become tired
- D. They may complain

176. A key [REDACTED]

- A. Aggressively
- B. Carefully
- C. Quickly
- D. Sparingly

177. Passengers moving [REDACTED]

- A. Acceptable at low speeds
- B. A minor issue
- C. A safety hazard
- D. Normal behavior

178. What should [REDACTED]

- A. Keep them open for air
- B. Allow passengers to control them
- C. Keep them securely closed
- D. Open and close them

179. Before pulling [REDACTED]

- A. Moving around
- B. Using cell phones
- C. Standing near the door
- D. Talking loudly

180. What must [REDACTED]

- A. Follow the shortest route
- B. Ensure the vehicle is safe
- C. Drive as fast as possible
- D. Keep the music volume low

**181. Starting or** [REDACTED]

- A. An advanced driving skill
- B. A way to stay on schedule
- C. A cause of passenger injury
- D. Efficient driving

**182. A smart** [REDACTED]

- A. Changing lanes
- B. Following too closely
- C. Sudden stops
- D. Using the horn

**183. What is** [REDACTED]

- A. Safety is more important
- B. They are equally important
- C. They are not related
- D. Schedules are more important

**184. Opening or** [REDACTED]

- A. Injure passengers
- B. Save time on the route
- C. Damage the door mechanism
- D. Alert waiting passengers

**185. The best** [REDACTED]

- A. Cautiously
- B. Defensively
- C. Quickly
- D. Properly

**Answer Key (166-185):**

## Manoeuvring (15 Questions)

186. Before leaving [REDACTED]

- A. Only in the side mirror
- B. Mirror and over your shoulder
- C. Only in the rearview mirror
- D. Only over your shoulder

187. When pulling [REDACTED]

- A. Swing over the sidewalk
- B. Block the intersection
- C. Hit the curb
- D. Swing into traffic

188. When a [REDACTED]

- A. Maintain their speed
- B. Yield the right-of-way
- C. Speed up to pass
- D. Honk to alert the bus

189. The bus [REDACTED]

- A. 50 km/h
- B. 70 km/h
- C. 60 km/h
- D. 80 km/h

190. As a [REDACTED]

- A. Empty of passengers
- B. On schedule
- C. Allowed by your dispatcher
- D. Safe to do so

191. What is [REDACTED]

- A. Reflective bumpers
- B. Suddenly opening doors
- C. Overhanging tree branches
- D. Faded paint

192. What clue [REDACTED]

- A. A decorative antenna
- B. A clean windshield
- C. Front wheels turned out
- D. A for-sale sign

193. Why is [REDACTED]

- A. To see oncoming traffic
- B. To complete the turn faster
- C. To allow pedestrians to cross
- D. To avoid hitting vehicles beside you

194. What should [REDACTED]

- A. Their side mirrors
- B. Their horn
- C. Their turn signal
- D. Their hearing

195. What might [REDACTED]

- A. The vehicle behind you
- B. Other moving vehicles
- C. The road surface
- D. Pedestrians or poles

196. If a [REDACTED]

- A. The bus is turning left
- B. The bus is stopping
- C. The bus is out of service
- D. The bus is entering traffic

197. As a [REDACTED]

- A. You have the right-of-way
- B. Other drivers will yield
- C. The way is clear
- D. It is safe to proceed

198. Seeing exhaust [REDACTED]

- A. Have a low battery
- B. Be parked for a long time
- C. Have engine trouble
- D. Be about to move

199. Why are [REDACTED]

- A. They are faster
- B. They are taller and wider
- C. They have better visibility
- D. They are more agile

200. When passing [REDACTED]

- A. Debris
- B. Potholes
- C. Animals
- D. Pedestrians

**Answer Key (186-200):**

## Taking On and Letting Off Passengers (15 Questions)

201. When stopping [REDACTED]

- A. Show you are on schedule
- B. Warn traffic you are stopping
- C. Request traffic to pass
- D. Indicate a right turn

202. Where should [REDACTED]

- A. In a visible location
- B. Near a busy intersection
- C. On a sharp curve
- D. At the crest of a hill

203. How much [REDACTED]

- A. One metre
- B. Three metres
- C. Four metres
- D. Two metres

204. Whenever it [REDACTED]

- A. In a no-parking zone
- B. Off the travel portion
- C. In the left lane
- D. In the center lane

205. It is [REDACTED]

- A. 18 years old
- B. 12 years old
- C. 19 years old
- D. 16 years old

**206. While your** [REDACTED]

- A. Adjust the heat
- B. Collect fares
- C. Listen to the radio
- D. Talk to passengers

**207. What should** [REDACTED]

- A. Checking your mirrors
- B. Adjusting your seat
- C. Signalling your turns
- D. Unnecessary conversation

**208. Nothing in** [REDACTED]

- A. See your passengers
- B. Access your log book
- C. Reach the radio
- D. See clearly ahead

**209. Your arms** [REDACTED]

- A. Reach for personal items
- B. Assist passengers
- C. Adjust the climate controls
- D. Operate the vehicle safely

**210. How must** [REDACTED]

- A. With aisle lights
- B. With brighter headlights
- C. With reflective flooring
- D. With a flashlight for passengers

211. When stopping

- A. 150 metres
- B. 50 metres
- C. 85 metres
- D. 25 metres

212. Your first

- A. The timeliness of the route
- B. The comfort of passengers
- C. The cleanliness of the vehicle
- D. The safety of passengers

213. You should

- A. Unsafe
- B. Near a crosswalk
- C. A designated bus stop
- D. Well-lit

214. To let

- A. At least three metres
- B. The width of one car
- C. At least five metres
- D. The width of one lane

215. The safety

- A. Vehicle cleanliness
- B. Driver comfort
- C. Meeting schedules
- D. Fuel conservation

**Answer Key (201-215):**

## Vehicle Operations (20 Questions)

**216. Passengers may** [REDACTED]

- A. The vehicle is moving slowly
- B. The driver gives permission
- C. The licence allows it
- D. The trip is very short

**217. Where must** [REDACTED]

- A. In the operator's manual
- B. On the exterior of the vehicle
- C. On the fare box
- D. In an easily seen location

**218. You cannot** [REDACTED]

- A. A disability
- B. A prepaid ticket
- C. A lot of luggage
- D. A destination far away

**219. If a** [REDACTED]

- A. Place the animal in cargo
- B. Ask for certification papers
- C. Allow the animal in the vehicle
- D. Charge an extra fee

**220. How should** [REDACTED]

- A. Speak loudly and slowly
- B. Speak directly to them
- C. Speak to their companion
- D. Use only hand gestures

**221. Before offering** [REDACTED]

- A. Assume they need help
- B. Wait for them to ask
- C. Inform your dispatcher
- D. Always ask first

**222. In some** [REDACTED]

- A. A hospitality permit
- B. A city business licence
- C. A chauffeur's permit
- D. A special parking permit

**223. When must** [REDACTED]

- A. Only when requested
- B. Between sunset and sunrise
- C. When passengers are boarding
- D. At all times

**224. How must** [REDACTED]

- A. Near the driver for security
- B. So it doesn't interfere
- C. On the passengers' laps
- D. In the main aisle

**225. Baggage or** [REDACTED]

- A. Aisle or exit
- B. Overhead racks
- C. Windows
- D. Advertising signs

226. A bus [REDACTED]

- A. The interior lights
- B. The company logo
- C. The driver's view
- D. The other passengers

227. It is [REDACTED]

- A. Smoke
- B. Listen to the radio
- C. Use the heater
- D. Drink water

228. Who is [REDACTED]

- A. The driver
- B. The passengers
- C. The ticket agent
- D. The carrier company

229. Where can [REDACTED]

- A. In the rear of sedans
- B. Only in buses
- C. In any passenger vehicle
- D. In the front of sedans

230. A "large" [REDACTED]

- A. Exactly 12 persons
- B. More than 10 persons
- C. More than 25 persons
- D. Up to 8 persons

**231. When transporting** [REDACTED]

- A. Patient and flexible
- B. Quick and efficient
- C. Distant and professional
- D. Strict with the rules

**232. Loading baggage** [REDACTED]

- A. The emergency equipment
- B. The audio system
- C. The fare collection box
- D. The driver's personal items

**233. Baggage must** [REDACTED]

- A. Heat
- B. Moisture
- C. Sunlight
- D. Cold

**234. You must** [REDACTED]

- A. A heated seat
- B. A let-down or jump seat
- C. A reclining seat
- D. A passenger's seat

**235. Standing passengers** [REDACTED]

- A. Hear the radio
- B. See or move
- C. Talk to other passengers
- D. Check your mirrors

**Answer Key (216-235):**

## Vehicle Inspection and Emergency Equipment (15 Questions)

236. If your [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Commercial inspection decal
- B. Company logo
- C. Route map
- D. Driver's name tag

237. A commercial [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. A set of tools
- B. A two-way radio
- C. A fire extinguisher
- D. A GPS unit

238. Who is [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. The passengers
- B. The carrier
- C. The mechanic
- D. The driver

239. A passenger [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. An emergency exit
- B. An entertainment system
- C. Reclining seats
- D. A beverage service

240. Any rental [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. The driver's preferences
- B. The rental company's rules
- C. The school's own policies
- D. All school bus regulations

**241. How often** [REDACTED]

- A. Once a week
- B. Every day
- C. Once a month
- D. Before each trip

**242. A school** [REDACTED]

- A. "Caution: Children"
- B. "Stops Frequently"
- C. "Student Transport"
- D. "School Bus"

**243. New school** [REDACTED]

- A. The roadway immediately in front
- B. The sides of the bus
- C. The roadway behind
- D. The interior of the bus

**244. How often** [REDACTED]

- A. At least once a week
- B. Every day
- C. As needed
- D. Once a month

**245. What must** [REDACTED]

- A. End the trip immediately
- B. Continue at a slower speed
- C. Ask passengers for advice
- D. Report it at the end of the day

**246. A defect** [REDACTED]

- A. The local police
- B. A peace officer
- C. The vehicle manufacturer
- D. The carrier you work for

**247. When must** [REDACTED]

- A. By the end of the day
- B. Within 24 hours
- C. At the next scheduled stop
- D. Within one week

**248. You should** [REDACTED]

- A. The engine is running
- B. Passengers are on board
- C. The lights are on
- D. The radio is off

**249. School bus** [REDACTED]

- A. A red background
- B. A yellow background
- C. A white background
- D. An orange background

**250. Passengers are** [REDACTED]

- A. Talk
- B. Stand
- C. Listen to music
- D. Eat or drink

**Answer Key (236-250):**

## Focus on Driving and Refusing Passengers (10 Questions)

251. What is [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Focusing on driving
- B. Planning your next stop
- C. Interacting with passengers
- D. Making good time

252. You may [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Talking on the phone
- B. Feeling unwell
- C. Smoking
- D. Carrying luggage

253. You can [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Quiet and reserved
- B. Friendly and talkative
- C. Tired and sleepy
- D. Disorderly or offensive

254. If you [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Near a police station
- B. At the final destination
- C. At the next stop
- D. In a safe location

255. You may [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. A passenger with a pet
- B. The maximum allowed passengers
- C. A large amount of cargo
- D. Another driver in training

**256. Using profane** [REDACTED]

- A. Reporting to the police
- B. Refusing transportation
- C. Charging a higher fare
- D. Ending the trip early

**257. A driver's** [REDACTED]

- A. Only regular customers
- B. All paying customers
- C. Only customers with reservations
- D. Only customers going long distances

**258. If a** [REDACTED]

- A. Ask them to be quiet
- B. Refuse to transport them
- C. Ignore their behavior
- D. Move them to another seat

**259. When your** [REDACTED]

- A. You are stopped
- B. You are driving slowly
- C. There are no other cars
- D. You are on the highway

**260. Your ability** [REDACTED]

- A. Hear clearly
- B. See clearly
- C. Stay focused
- D. React quickly

**Answer Key (251-260):**

## Vehicle Cleanliness and Maintenance (10 Questions)

261. Your bus ■■■■■■■■■■

- A. Well-stocked
- B. Polished
- C. Fuelled
- D. Sanitary

262. If a ■■■■■■■■■■

- A. It can carry fewer passengers
- B. It cannot be operated
- C. It can be used for short trips
- D. It must be repaired within 24 hours

263. You should ■■■■■■■■■■

- A. Defective
- B. An older model
- C. Rented
- D. Not your own

264. Keeping your ■■■■■■■■■■

- A. A professional driver
- B. A mechanic
- C. A company owner
- D. A passenger

265. A clean ■■■■■■■■■■

- A. Higher fares
- B. Better fuel economy
- C. Faster travel times
- D. Passenger comfort

**266. Finding and** [REDACTED]

- A. More serious problems
- B. Passenger complaints
- C. Higher insurance rates
- D. Unscheduled stops

**267. Who must** [REDACTED]

- A. The vehicle manufacturer
- B. Your passengers
- C. The other drivers
- D. The proper company authority

**268. An unfit** [REDACTED]

- A. The defect has been fixed
- B. The driver agrees to drive it
- C. The passengers are notified
- D. The dispatcher approves it

**269. Whose responsibility** [REDACTED]

- A. The mechanic's
- B. The driver's
- C. The passengers'
- D. The company's

**270. What must** [REDACTED]

- A. Wait for the next scheduled bus
- B. Arrange other transportation
- C. Ask passengers to help push
- D. Cancel the rest of the trip

**Answer Key (261-270):**

## Emergency Vehicle Operations (5 Questions)

271. An ambulance [REDACTED]

- A. Transporting staff
- B. Responding to an emergency
- C. Returning to the station
- D. Driving on the highway

272. When driving [REDACTED]

- A. The rightmost lane only
- B. Caution at all times
- C. Your horn continuously
- D. Hand signals to other drivers

273. An ambulance [REDACTED]

- A. An audible siren
- B. A roof-mounted spotlight
- C. A public address system
- D. Reflective decals

274. What must [REDACTED]

- A. The time of day
- B. The fuel level
- C. The distance to the destination
- D. The seriousness of the emergency

275. Why must [REDACTED]

- A. To comply with noise regulations
- B. To save fuel
- C. To avoid scaring pedestrians
- D. Other drivers may not see or hear you

**Answer Key (271-275):**

## Chapter 7: Hours of Service Requirements (15 Questions)

### Basic On-Duty/Off-Duty Time (10 Questions)

276. What does [REDACTED] [REDACTED] [REDACTED]

- A. New Safety Checklist
- B. National Service Commission
- C. National Safety Code
- D. Night Service Carrier

277. On-duty time [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Ready to start work
- B. In the driver's lounge
- C. On the road
- D. At the vehicle

278. Which of [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Resting at home
- B. Taking a meal break
- C. Commuting to work
- D. Waiting for vehicle servicing

279. How many [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. 12 hours
- B. 6 hours
- C. 10 hours
- D. 8 hours

280. After how [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. 12 hours
- B. 10 hours
- C. 16 hours
- D. 14 hours

281. What is [REDACTED]

- A. 13 hours
- B. 11 hours
- C. 15 hours
- D. 16 hours

282. A "work [REDACTED]  
[REDACTED]

- A. 4 consecutive hours
- B. 6 consecutive hours
- C. 8 consecutive hours
- D. 10 consecutive hours

283. Time spent [REDACTED]

- A. Driving time
- B. Off-duty time
- C. On-duty time
- D. Personal time

284. Under Cycle [REDACTED]  
[REDACTED]

- A. 70 on-duty hours
- B. 60 on-duty hours
- C. 50 on-duty hours
- D. 80 on-duty hours

285. To reset [REDACTED]

- A. 48 consecutive hours
- B. 36 consecutive hours
- C. 72 consecutive hours
- D. 24 consecutive hours

**Answer Key (276-285):**

## Record Keeping Basics (5 Questions)

286. What is [REDACTED]

- A. HOS
- B. RODS
- C. CVSE
- D. NSC

287. RODS are [REDACTED]

- A. Personal time
- B. Driving time
- C. Vehicle inspections
- D. Meal breaks

288. You must [REDACTED]

- A. 21 previous days
- B. 14 previous days
- C. 30 previous days
- D. 7 previous days

289. As of [REDACTED]

- A. An electronic logging device
- B. A smartphone application
- C. A digital spreadsheet
- D. A paper logbook

290. A driver [REDACTED]

- A. Following speed limits
- B. Medical examinations
- C. Pre-trip inspections
- D. Keeping RODS and using an ELD

**Answer Key (286-290):**

## Chapter 8: Air Brakes (40 Questions)

### Basic Air Brake Components and Operation (20 Questions)

291. What is [REDACTED]

- A. The foot valve
- B. The governor
- C. The compressor
- D. The reservoir

292. What component [REDACTED]

- A. The safety valve
- B. The foot valve
- C. The brake chamber
- D. The governor

293. Steel tanks [REDACTED]

- A. Governors
- B. Modulators
- C. Compressors
- D. Reservoirs

294. What component [REDACTED]  
[REDACTED]

- A. The air dryer
- B. The relay valve
- C. The slack adjuster
- D. The brake chamber

295. What is [REDACTED]

- A. The foundation brake
- B. The parking brake
- C. The s-cam brake
- D. The service brake

**296. What is** [REDACTED]

- A. To store compressed air
- B. To release air pressure
- C. To cool the brake drum
- D. To transmit force to the s-cam

**297. The first** [REDACTED]

- A. The primary tank
- B. The secondary tank
- C. The wet tank
- D. The dry tank

**298. What device** [REDACTED]

- A. The safety valve
- B. The one-way check valve
- C. The quick release valve
- D. The governor

**299. Most current** [REDACTED]

- A. 125 p.s.i.
- B. 100 p.s.i.
- C. 150 p.s.i.
- D. 90 p.s.i.

**300. What does** [REDACTED]

- A. Two compressors
- B. Two sets of brake shoes
- C. Two foot valves
- D. Two independent sections

**301. What is** [REDACTED]

- A. To warn of low air pressure
- B. To build air pressure faster
- C. To release brakes faster
- D. To apply brakes faster

**302. What is** [REDACTED]

- A. To bypass the foot valve
- B. To speed up brake release
- C. To regulate air temperature
- D. To speed up brake application

**303. What is** [REDACTED]

- A. The service brakes
- B. The trailer brakes
- C. The spring parking brakes
- D. The engine retarder

**304. What does** [REDACTED]

- A. It cools the brake drum
- B. It adjusts for brake wear
- C. It rotates to force shoes out
- D. It releases air from the chamber

**305. The two** [REDACTED]  
[REDACTED]

- A. The return line
- B. The emergency line
- C. The control line
- D. The auxiliary line

**306. The supply** [REDACTED]

- A. Yellow
- B. Red
- C. Green
- D. Blue

**307. What happens** [REDACTED]

- A. The trailer brakes apply
- B. The tractor brakes lock
- C. The lights flash
- D. The engine shuts down

**308. A bobtail** [REDACTED]

- A. The front drive axles
- B. The rear drive axles
- C. The trailer axles
- D. The steering axles

**309. What does** [REDACTED]

- A. Applies trailer brakes only
- B. Disables front brakes
- C. Increases rear brake pressure
- D. Reduces rear brake pressure

**310. The action** [REDACTED]

- A. Proportioning
- B. Dynamiting
- C. Compounding
- D. Caging

**Answer Key (291-310):**

## Air Brake System Checks and Safety (15 Questions)

311. How often [REDACTED]

- A. Daily
- B. Annually
- C. Monthly
- D. Weekly

312. The low-air [REDACTED]

- A. 40 p.s.i.
- B. 50 p.s.i.
- C. 60 p.s.i.
- D. 70 p.s.i.

313. With the [REDACTED]  
[REDACTED]

- A. 2 p.s.i.
- B. 4 p.s.i.
- C. 8 p.s.i.
- D. 6 p.s.i.

314. With the [REDACTED]  
[REDACTED]

- A. 5 p.s.i.
- B. 3 p.s.i.
- C. 9 p.s.i.
- D. 7 p.s.i.

315. The compressor [REDACTED]

- A. One minute
- B. Seven minutes
- C. Three minutes
- D. Five minutes

**316. What is** [REDACTED]

- A. Compounding
- B. Proportioning
- C. Blending
- D. Caging

**317. Why should** [REDACTED]

- A. It is an illegal practice
- B. It causes brakes to fade
- C. It wastes air pressure
- D. It can damage brake parts

**318. What should** [REDACTED]

- A. Increase your speed
- B. Stop the vehicle safely
- C. Pump the brake pedal
- D. Continue to your destination

**319. What does** [REDACTED]

- A. Controls the trailer lights
- B. Supplies air to the trailer
- C. Drains the trailer air tanks
- D. Applies the trailer brakes

**320. In a** [REDACTED]

- A. All brakes will fail
- B. The parking brake will apply
- C. The secondary system will work
- D. Only the rear brakes will work

**321. What is** [REDACTED]

- A. To test the brake
- B. To release the brake
- C. To adjust the brake
- D. To apply the brake

**322. The tractor** [REDACTED]

- A. Air loss from the tractor
- B. The fifth wheel from unlocking
- C. The engine from stalling
- D. The trailer from rolling away

**323. Before checking** [REDACTED]

- A. Partially applied
- B. Applied
- C. Released
- D. Caged

**324. What does** [REDACTED]

- A. Brake overheating
- B. A faulty governor
- C. Low air pressure
- D. Water in the system

**325. If you** [REDACTED]

- A. Yes, but less often
- B. No, it is not necessary
- C. No, it can damage the dryer
- D. Yes, drain them regularly

**Answer Key (311-325):**

## Anti-lock Braking Systems (5 Questions)

326. What does 

- A. Normal brake function
- B. That brakes are applied
- C. Low air pressure
- D. The status of the ABS

327. If the 

- A. The ABS has failed but normal braking works
- B. The entire brake system has failed
- C. The brakes are about to lock up
- D. The vehicle should be stopped immediately

328. What components 

- A. Slack adjuster position
- B. Air pressure
- C. Brake temperature
- D. Wheel speed sensors

329. What does 

- A. Applies the parking brake
- B. Applies the brake harder
- C. Sounds an alarm
- D. Releases and reapplies the brake

330. How is 

- A. By its own solar panel
- B. By the trailer battery
- C. From the stop lamp circuit
- D. By the tractor's main power

**Answer Key (326-330):**

## Chapter 9: Air Brake Adjustment (20 Questions)

### Brake Adjustment Importance and Checks (15 Questions)

331. What is [REDACTED]

- A. The air reservoirs
- B. The foundation brakes
- C. The dashboard controls
- D. The air compressor

332. Brakes that [REDACTED]

- A. Build air pressure
- B. Safely stop the vehicle
- C. Release properly
- D. Pass a visual inspection

333. Who is [REDACTED]  
[REDACTED]

- A. The driver
- B. The company owner
- C. The previous driver
- D. The mechanic

334. You are [REDACTED]

- A. Driving at night
- B. Driving down steep grades
- C. Starting the engine
- D. Crossing a bridge

335. What is [REDACTED]

- A. Pushrod travel
- B. Slack adjustment
- C. Brake stroke
- D. Chamber extension

**336. What happens** [REDACTED]

- A. They contract
- B. They warp
- C. They expand
- D. They crack

**337. If a** [REDACTED]

- A. Retract
- B. Lock up
- C. Cool down
- D. Bottom out

**338. A brake** [REDACTED]

- A. No brake application
- B. Maximum braking power
- C. Reduced braking power
- D. A dragging brake

**339. An "applied** [REDACTED]

- A. Applied
- B. Hot
- C. Cold
- D. Released

**340. A "free** [REDACTED]

- A. Pushing it in
- B. Measuring its length
- C. Heating it up
- D. Pulling it out

**341. What do [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]**

- A. The age of the brake
- B. The air pressure applied
- C. When adjustment is needed
- D. The brake temperature

**342. With a [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]**

- A. Weekly
- B. Annually
- C. Monthly
- D. Daily

**343. Why should [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]**

- A. To reduce brake noise
- B. To simplify adjustments
- C. To ensure even braking
- D. To comply with regulations

**344. What is [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]**

- A. It can damage the gauges
- B. It is not accurate enough
- C. It takes too long
- D. It requires special tools

**345. A 90-degree [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]**

- A. A reliable sign of adjustment
- B. Required by law
- C. The only way to check adjustment
- D. An unreliable sign of adjustment

**Answer Key (331-345):**

## Adjustment Procedures (5 Questions)

346. All commercial [REDACTED]

- A. Electronic slack adjusters
- B. Hydraulic slack adjusters
- C. Automatic slack adjusters
- D. Manual slack adjusters

347. If an [REDACTED]

- A. It is functioning normally
- B. There are other brake problems
- C. The air pressure is too low
- D. It needs manual adjustment

348. Manually adjusting [REDACTED]

- A. A permanent fix
- B. A false sense of security
- C. Improved braking performance
- D. The warranty to be voided

349. If you [REDACTED]

- A. Re-check it after 100 km
- B. Nothing, it is now fixed
- C. Inform the next driver
- D. Record it on your inspection report

350. It is [REDACTED]  
[REDACTED]

- A. Disc brakes
- B. Hydraulic brakes
- C. Drum brakes
- D. Automatic slack adjusters

**Answer Key (346-350):**

## Chapter 10: Vehicle and Air Brake Pre-Trip Inspections (35 Questions)

### Pre-Trip Inspection Responsibilities (10 Questions)

351. Who is [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. The carrier
- B. The driver
- C. The mechanic
- D. The manufacturer

352. Under the [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Monthly
- B. Annually
- C. Weekly
- D. Daily

353. What can [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Costly en route delays
- B. Running out of fuel
- C. Getting lost
- D. Traffic congestion

354. You must [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]  
[REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. 8 including the driver
- B. 15 including the driver
- C. 10 including the driver
- D. 12 including the driver

355. Who shares [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. The mechanic
- B. The dispatcher
- C. The previous driver
- D. The carrier

**356. Your trip** [REDACTED]

- A. List all minor issues
- B. Specify all safety defects
- C. Detail the planned route
- D. Note the vehicle's mileage

**357. The person** [REDACTED]

- A. Sign it
- B. File it
- C. Email it
- D. Photocopy it

**358. A pre-trip** [REDACTED]

- A. The end of the day
- B. The vehicle is refueled
- C. The first trip of the day
- D. The first rest stop

**359. If you** [REDACTED]

- A. Impounded
- B. Re-inspected on the spot
- C. Given a warning
- D. Placed out of service

**360. You must** [REDACTED]  
[REDACTED]

- A. 160 km
- B. 40 km
- C. 120 km
- D. 80 km

**Answer Key (351-360):**

## Passenger Vehicle/Bus Inspection Procedures (20 Questions)

361. Before beginning [REDACTED]

- A. Set the parking brakes
- B. Release the parking brakes
- C. Turn on the engine
- D. Check the tire pressure

362. When conducting [REDACTED]

- A. Clockwise
- B. Counter-clockwise
- C. In any direction
- D. From front to back

363. As you [REDACTED]

- A. Leaks
- B. The fuel tank
- C. The drive shaft
- D. The exhaust pipe

364. During the [REDACTED]  
[REDACTED]

- A. The GPS
- B. Emergency equipment
- C. The upholstery
- D. The radio

365. What is [REDACTED]

- A. Check for air leaks
- B. Test the low-air warning
- C. Pump the brake pedal
- D. Check governor cut-in/cut-out

366. What part

- A. The under-hood check
- B. The circle check
- C. The in-cab check
- D. The brake response test

367. What should

- A. The luggage capacity
- B. The window tint level
- C. The entertainment system
- D. The seats and emergency exits

368. The final

- A. The engine noise
- B. The radio reception
- C. The brake and steering response
- D. The mirror adjustment

369. When checking

- A. Hoses
- B. The spark plugs
- C. The battery age
- D. The turbocharger

370. When checking

- A. The date of manufacture
- B. The shine on the sidewalls
- C. Signs of bulges or cuts
- D. The brand name

**371. In the** [REDACTED]

- A. The size of the door windows
- B. The colour of the door handles
- C. The manufacturer of the doors
- D. That they open and close properly

**372. The "tug** [REDACTED]

- A. The steering system
- B. The parking brakes
- C. The suspension
- D. The engine power

**373. You should** [REDACTED]

- A. Painted
- B. Secure
- C. Heated
- D. Polished

**374. What must** [REDACTED]

- A. That they are locked securely
- B. That the alarm sounds
- C. That they have instructions
- D. That they are easily accessible

**375. When checking** [REDACTED]

- A. They are properly adjusted
- B. They are made of leather
- C. They are clean
- D. They are the original parts

**376. What should** [REDACTED]

- A. Let it idle
- B. Let it run at high RPM
- C. Turn it on and off
- D. Turn it off

**377. The circle** [REDACTED]

- A. Exterior
- B. Engine
- C. Interior
- D. Brakes only

**378. What item** [REDACTED]

- A. Windows
- B. Engine oil level
- C. Passenger seats
- D. Emergency exits

**379. A pre-hill** [REDACTED]

- A. The climate control system
- B. The electrical system
- C. The braking system
- D. The exhaust system

**380. The steering** [REDACTED]

- A. Weight
- B. Temperature
- C. Slack or lash
- D. Smoothness

**Answer Key (361-380):**

## Post-Trip and En-Route Inspections (5 Questions)

381. When must [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Before the first trip
- B. At the end of the final trip
- C. Only if a defect is found
- D. During your lunch break

382. An en-route [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. One hour
- B. Three hours
- C. Two hours
- D. Five hours

383. The post-trip [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Miles driven
- B. Fuel purchased
- C. Passengers transported
- D. Defects found

384. What is [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. To take a mandatory break
- B. To update the logbook
- C. To check the fuel level
- D. To identify problems that develop

385. During a [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

- A. Overheating
- B. Proper adjustment
- C. Any new damage
- D. Correct air pressure

**Answer Key (381-385):**

## Chapter 11: Signs, Signals and Road Markings (20 Questions)

### Regulatory and Warning Signs (10 Questions)

386. What shape      

- A. Triangle
- B. Octagon
- C. Square
- D. Circle

387. What shape      

- A. Diamond
- B. Pentagon
- C. Inverted triangle
- D. Rectangle

388. Most warning      

- A. Square and white
- B. Circle and red
- C. Diamond and yellow
- D. Rectangle and green

389. A sign          

- A. A weigh scale ahead
- B. A truck stop ahead
- C. A steep hill ahead
- D. A scenic viewpoint

390. What does          

- A. A warning of a hazard
- B. A permitted action
- C. A scenic route
- D. A prohibited action

**391. What does** 

- A. A special regulation
- B. An action is permitted
- C. A roundabout is ahead
- D. An action is not permitted

**392. School zone** 

- A. Light blue
- B. Bright orange
- C. Standard yellow
- D. Fluorescent yellow-green

**393. A sign** 

- A. A highway route marker
- B. A weight limit
- C. A speed limit
- D. A distance to a city

**394. What do** 

- A. Railway crossings
- B. School zones
- C. Construction zones
- D. Hospital zones

**395. A sign** 

- A. Time-limited parking
- B. Public parking
- C. Permit parking only
- D. Prohibited parking

**Answer Key (386-395):**

## Traffic Signals and Road Markings (10 Questions)

396. What do 

- A. Traffic moving in the same direction
- B. Traffic moving in opposite directions
- C. A reserved lane from a regular lane
- D. The shoulder from the travel lane

397. What do 

- A. A bike lane from a walking path
- B. Traffic moving in opposite directions
- C. Traffic moving in the same direction
- D. The roadway from the sidewalk

398. A broken 

- A. The lane is ending
- B. You are on a one-way street
- C. Passing is allowed when safe
- D. No passing is allowed

399. What does 

- A. Stop and wait for green
- B. The traffic light is broken
- C. Slow down and proceed
- D. Stop and proceed when safe

400. What does 

- A. Stop and wait for green
- B. Slow down and proceed with caution
- C. Stop and proceed when safe
- D. The light is about to turn red

**401. What does** 

- A. A stop line
- B. A crosswalk
- C. A lane change area
- D. A yield line

**402. A lane** 

- A. A passing lane
- B. A turning lane
- C. A reserved lane
- D. An acceleration lane

**403. What does** 

- A. The indicated turn is allowed
- B. Proceed straight through only
- C. Stop for all traffic
- D. The traffic light is malfunctioning

**404. A two-way** 

- A. Stop temporarily
- B. Pass slower vehicles
- C. Make left turns
- D. Make U-turns

**405. What does** 

- A. A pedestrian signal
- B. A bicycle signal
- C. A transit priority signal
- D. A left-turn signal

**Answer Key (396-405):**

## Chapter 12: Industrial Roads (5 Questions)

### Basic Industrial Road Awareness (5 Questions)

406. An industrial [REDACTED]

- A. Commuter traffic
- B. The general public
- C. Emergency services
- D. Natural resources

407. On a [REDACTED]

- A. The loaded truck
- B. The vehicle going uphill
- C. The empty truck
- D. The faster vehicle

408. What should [REDACTED]

- A. Turn on interior lights
- B. Check your tire pressure
- C. Flash your headlights
- D. Sound your horn

409. When driving [REDACTED]

- A. Drive on the left side
- B. Drive in the middle
- C. Drive on the right side
- D. Drive on the designated side

410. If you [REDACTED]  
[REDACTED]

- A. A highway crossing permit
- B. A police escort
- C. Verbal permission
- D. A special licence plate

**Answer Key (406-410):**

## PART 2: Standard Exam Paper Questions
